PRESENTING OPTIONS—Discussing four options with the Bay St. Louis Municipal Separate School District Board of Trustees for locally-funded teacher pay increases or improved benefits is Linda Reeves, a North Bay Elementary School teacher and Mississippi Association of Educators Bay Chapter

president at a Monday night board meeting. Also attending the meeting among about one-fourth of the district's faculty are Burt Barrett, left, MAE Gulf Coast Unit Serv Region director and three Bay district teachers. (Staff photo by Wayne Ducomb Jr.)

## Dissatisfied Bay teachers advised to leave area or state

By WAYNE DUCOMB JR.  
President of the Bay St. Louis Municipal Separate School District Board of Trustees at a Monday night meeting said teachers dissatisfied with their pay or benefits should find jobs with other school districts or in other states.

"If our system is so lacking in benefits and other things on this chart (a salary comparison provided by the teachers), I suggest you apply to other districts or someplace else out of the state," said an obviously angered Walter Turcotte of Waveland, board president.

Turcotte's statement was in response to teacher demands for better pay or benefits from the Bay district at a regularly-scheduled monthly meeting of the trustees.

About one-fourth of the Bay district faculty, some 20 teachers, appeared at the meeting representing about one-third of the teachers who recently gathered at City-County Library in Bay St. Louis to formulate a list of demands to present to the leaders.

The teachers noted although the State Legislature recently approved \$1,000 annual pay increases for them, the Bay district offered no increase in its pay supplement, but increased administrative and all non-certified employee salaries with local funds.

Turcotte further stated, "I've seen quite a few teachers come before this board to 'gripe' about salaries and benefits."

"I'm 'scheduled' to work 2,000 hours each year (as Waveland's postmaster) and I'm working at about \$8 per hour, but I like to be close to home," he said.

"But if it's so bad (in the Bay district) I'll be glad to accept any resignations and find someone else to replace you," Turcotte stated.

"I've been around this old town and I know human nature. I know one or two of you are going to remember this if

you're still with this system. I know in the back of your minds you will say, that is the man who wouldn't give me a raise," the board president remarked.

"This is my cross, and me and my grandchildren will have to bear it," he stated.

Turcotte accused the teachers of treating the school board with "injustice" by meeting as a group publicly

which resulted in a 'big blowup' (a front page report) in May 1 issue of The Sea Coast Echo.

Turcotte accused 'some teachers' of taking time off when taking their allotted sick leave and 'talking in the hallways' during work hours.

He stated, "...I've seen teachers on the street during normal classroom hours... I don't know too many doctors with office hours after 2 p.m."

A recent State Attorney General's decision ruled teachers can not accumulate sick leave time for more than one year.

Linda Reeves, a North Bay Elementary School teacher who acted as spokesman, presented the trustees a list of specific alternate funding sources for increased pay or benefits compiled by the Mississippi Association of Educators.

The board offered no direct or effective response.

BAY SCHOOL POLICIES—Requesting teachers be provided updated copies of the Bay St. Louis Municipal Separate School District personnel policies and procedures handbook is Nell Woodall, a North Bay Elementary School teacher, as J.D. McCullough, superintendent of education, discusses the handbook with her at a Monday night district board meeting. Woodall requested the copies be presented to the teachers before they sign contracts to let them know the working conditions they can expect in the next school year. Walter Turcotte, board president said every teacher would receive a copy before the present school year ends. (Staff photo by Wayne Ducomb Jr.)

## Shoreline Park residents plan to fight crime

Residents, weekenders, and property owners from the Shoreline Park subdivision are asked to attend a meeting to organize a 'Crime Watch Program' and Civic Association on Saturday, May 14 at 7:30 p.m. at the Shoreline Park Baptist Church one block off 603, Kill-Waveland Cutoff road.

The purpose of the meeting is to get concerned residents together to talk about what can be done to stop break-ins and burglaries. For your own protection, please show up.

## County commission halts Diamondhead expansions

By WAYNE DUCOMB JR.

The Hancock County Planning Commission will not approve plans for any additional Diamondhead subdivisions until three developments are brought into compliance with county regulations.

A resolution unanimously adopted recently by the commission states "no further final subdivision plans will be approved" for Diamondhead until roads, sewerage and water systems are completed in Unit One, Phase Three; and the required improvements are completed in Unit Two, Phase Three and Fairway Estates, Phase Two "or the plats thereof are vacated."

Holcomb Hector, a Purcell, Inc. vice president and Diamondhead general manager, Wednesday afternoon said he was not aware of the commission's action and stated, "I'll be glad to comment when I know what they (the commission) are talking about."

James Rester of the Leetown Community, commission president, this week reported Purcell representatives several months ago proposed vacating Unit Two, Phase Three (located south of I-10) and Fairway Estates, Phase Two (adjacent to the Cardinal Golf Course's first nine holes).

But Purcell has not yet filed the proper legal documents to officially vacate these areas or performed the work to comply with the County Subdivision Rules and Regulations, he said.

Unit One, Phase Three (between The Oaks and Tennis World) must be brought into compliance, Rester noted.

The commission president reported the commission has been 'lenient' with Purcell by not imposing the required surety bonds and allowing the company several months to bring the phases into compliance.

"In lieu of the bonds we've accepted letters of promise, but in some instances Diamondhead (Purcell) has not lived up to promises," Rester stated.

"We will not approve any new ones (subdivision plans) until the existing ones are done properly," he said.

Rester said the commission's action was prompted as a result of a recent inspection and Diamondhead residents' complaints of sewage backups.

Talbot Steel, commission secretary-treasurer and a Diamondhead resident, said Tuesday he requested the commission action after he also received several complaints of sewage backups throughout the area, but did not know how many.

He reported Diamondhead now has about 1,000 permanent residents.

But Barry Royals, State Department of Natural Resources Bureau of Pollution Control Water Division chief, Tuesday in Jackson said the state agency has not received any reports of Diamondhead sewage backups.

"Our inspections indicate the sewage plants (at Diamondhead) are well

maintained," he stated.

Royals reported Diamondhead, as well as numerous other sewage systems, in the last six months have experienced 'high flows' resulting from rainwater seepage into pipes which could 'potentially cause pollution problems.'

He said Purcell would soon receive a letter warning them to take action to correct the high flows.

The Waveland Regional Wastewater Management District recently received such a letter.

"With all these recent heavy rains these older sewer lines just leak," he added.

Tommy Heier, Diamondhead Property Owners Association president, said Tuesday he also had not received any complaints of sewage backups, but wrote the BPC after several residents questioned the adequacy of the sewage system with additional usage resulting from new subdivisions.

He noted the state inspection found Diamondhead sewerage to be 'adequate and one of the better systems in the county.'

## Furniture Liquidators loses \$250 in theft

Furniture Liquidators at 111 N. Second Street in Bay St. Louis was robbed of \$250 Tuesday afternoon, Bay police reported.

Douglas Williams, chief of police, said, "Two black males in their early twenties walked into the store and asked Betty Bates of Furniture Liquidators to show them a table in the back. While Bates was 'busy' showing one of the suspects the table the other man took a

pouch containing \$250 in \$20s, \$10s, and \$5s."

Williams said, "Bates said the two men had been in the store before."

Williams said, "I think I know who the person is that fits the description and I plan to make an arrest very shortly."

Officer Joseph Pica is in charge of the case.

## Bay family seeking donations

# Brain damaged infant's family appeals for help

By WAYNE DUCOMB JR.

A Bay St. Louis family is seeking financial assistance to help defray astronomical medical bills resulting from the ongoing hospitalization of their infant who suffers from severe brain damage and related ailments.

In addition, they need funds to purchase life-sustaining equipment which will allow them to bring the helpless child home.

Nancy and Rev. Charles Hand, pastor of Church of God on St. John Street, are the parents of the baby, Misty Renee Hand, now in Gulfport Memorial Hospital Infant Intensive Care Unit.

The mother says her daughter's brain damage resulted from a rare pre-natal condition called a 'marconium.'

Nancy Hand sadly explains about 11 days before the birth of her child, the fetus experienced a bowel movement which she inhaled causing suffocation resulting from a lack of oxygen-rich amniotic fluid.

The mother reports at that time she did not realize the unborn child was strangling, but noticed the fetus, which was previously active, stopped moving in the womb.

Misty Hand was born 3.5 weeks premature and not breathing.

The infant was immediately placed on a respirator and transferred by air to Jackson Medical Center for tests which found extensive brain damage, the mother says.

Nancy Hand said her child later began breathing without the respirator, but about five days ago was again placed on the device after suffering a seizure.

The motionless child must be fed every three hours through a tube and accumulated mucus must be suctioned from the infant's throat.

"She has no responses—doesn't cry or look around like a normal baby would do," the mother of four healthy children states.

The Handmans says doctors can offer no encouragement that the child will recover to any extent or live for any extended period of time.

Charles Hand estimates their present

medical bills, including the air trip and tests in Jackson which cost about \$10,000, amount to about \$50,000—about \$1,000 daily to keep the child alive.

Maintaining a positive attitude, Nancy Hand reports, "If she gets over this (artificial respiration) we need a suction machine, oxygen tanks and possibly a heart monitor so we can bring Misty home."

The parents do not yet know what this equipment will cost, but estimate it will amount to several thousand dollars.

Doctors have also presented a heart-rending decision to the haggard couple.

Nancy Hand states, "The doctor asked us Saturday night to make a deci-

sion. If Misty has another seizure and stops breathing, they asked us to make the decision whether to put her back on the machine (respirator) or let nature take its course."

They do not yet know what their decision will be.

Donations to assist the Hands with the medical bills may be deposited in the Misty Renee Hand account at any Hancock Bank branch.

In addition, a benefit 'gospel sing' is scheduled beginning at 7:30 p.m. Friday at Phillips College on US-90 in Gulfport (the Mississippi City area).

A donation of \$3 for each adult and \$1.50 per child is requested.

MOTHER AND CHILD—Holding her helpless, brain damaged baby named Misty Renee Hand at Gulfport Memorial Hospital Infant Intensive Care Unit is Nancy Hand of Bay St. Louis. The woman and her husband, Rev. Charles Hand who is pastor of Church of God in Bay St. Louis, are seeking donations to pay for astronomical medical bills resulting from the child's hospitalization.

## Law enforcement officers eye multiple violations

By ELLIS CUEVAS  
Law enforcement officers were busy late Wednesday investigating a series of apparent criminal activities in Hancock County.

Investigations continued late into the day into an armed robbery, auto thefts from three local dealerships, an incident in which a woman either fell or was thrown from a vehicle on I-10, burglaries at three Waveland businesses, an apparent suicide and drug violations.

A search was underway for two subjects involved with the armed robbery of the Necaise Crossing Trading Post Wednesday afternoon, according to Hancock County Sheriff Ronald Peterson.

Peterson said Investigator Delbert Seay, a host of Hancock deputies, and Mississippi State Troopers were searching for a tall slender white male with a mustache, and a short heavy set white male in connection with the armed robbery. A shotgun was used as a weapon.

**WOMAN FALLS**  
Hancock County Investigator Alvin Ladner was at Slidell Hospital late Wednesday checking the incident involving a woman who either jumped out of or was thrown from a vehicle on I-10, Peterson reports.

The sheriff said, "Hancock County Auxiliary Deputy Don Coss of Pearlinton was traveling on I-10 in Hancock County Wednesday afternoon when he saw a woman as she was either thrown or jumped from the moving vehicle."

She was rushed to Slidell Hospital. Her husband is being detained by St. Tammany Parish sheriff's officers in connection with the incident.

**NINE CARS STOLEN**  
Nine vehicles were taken from three Hancock County dealerships on Monday and Tuesday nights, according to law officers.

Schuffert Pontiac had four vehicles taken Monday night. One was submerged at the mouth of Jourdan River and found Tuesday morning, another was found in a ditch in Pass Christian, while the other two were recovered by

Louisiana State Troopers Wednesday afternoon, Peterson stated.

Waveland Investigator Robert (Poochy) Tartavouille reports Patrolman Chuck James noticed the doors of a 1980 Mustang Ford open and when the dealership was checked three vehicles were missing.

"Officer James found an abandoned station wagon awhile later on Henderson Street in a ditch, and a Granada was recovered in Shoreline Park late Wednesday," Tartavouille revealed.

The third vehicle missing, a 1980 Mustang, was owned by the daughter of Waveland's Chief of Police Donald Dorn, and has not been found.

Police say it looked like "chicken" was played with a 1983 S-10 Chevy and 1982 Camaro taken from Frank Hille Chevrolet-Oldsmobile Tuesday night from the condition of the cars when they were recovered.

Dale Kinnard, sales manager for Frank Hille Chevrolet-Oldsmobile, said the Camaro was just purchased by his son and at the dealership being serviced.

The auto thefts are being handled by Investigators Seay, Tartavouille, Sandra Henley of Waveland and Ben Palmer of Bay St. Louis.

Tartavouille said, "John Foucha, 18, of Shoreline Park was apprehended Wednesday and is charged with grand auto theft in connection with some of the stolen vehicles. He is also charged in connection with the Friday night burglary of the Peppermill Restaurant and the January burglary of

Peterson's Lil Super of Waveland."

"A 16-year-old and a 17-year-old juvenile have also been arrested in connection with the burglaries and some of the stolen vehicles," Henley added, saying the 16-year-old is also charged with the burglary of the Waveland Seafood on Monday night.

Officers say the investigations continue and more arrests are anticipated.

**MARIJUANA**  
A raid on a State Street residence led to the arrest of one person in connection with the growing of marijuana, according to Peterson.

"Danny Dale Sharp Jr., 19, 528 State St., Bay St. Louis was arrested and charged with cultivating marijuana in a raid Tuesday conducted by Bay St. Louis police and sheriff's deputies on Tuesday," the sheriff said.

"A search warrant was secured when information was received from an informant. Some 35 marijuana plants were found growing at the residence," Peterson added.

Investigator Ladner is in charge of the case.

**APPARENT SUICIDE**  
Peterson said, "The sheriff's office received a call at 5 a.m. Wednesday reporting a shooting in the Catahoula Community."

Investigator Seay found Reudus John Moran, 64, of Catahoula Community with a wound to his head from a 20 gauge shotgun. The death was ruled an apparent suicide," Peterson said following an investigation.

The headline on an announcement of Willie C. Carbonette's candidacy for constable from Hancock County District Four in Sunday's Sea Coast Echo inadvertently implied Carbonette is the incumbent in the race.

Carbonette, in fact, has served the past twelve years as constable from District Five.

As a result of recent redistricting, Carbonette's

residence at 307 Washington St., Bay St. Louis, is now included in District Four.

District Four incumbent is Gerald Tomalich of 450 St. Charles St., Bay St. Louis, who is seeking re-election to a second term.

## Wilcox denies report

Waveland businessman Carl Wilcox has denied statements attributed to him in a Sea Coast Echo report on a public zoning hearing in that city last week.

At the City Hall hearing Thursday evening, Wilcox represented his father Delmar Wilcox, developer of proposed townhouses in the Idlewood Subdivision.

Wilcox this week denied he made statements at the hearing indicating the quality of people in the BaySide and

Shoreline Park Subdivisions.

This week Wilcox issued the following statement summarizing his remarks before the hearing last week:

"In BaySide and Shoreline Park you don't have the restrictions that allow for only quality homes. If you drive through the areas you will see houses that have just been thrown up. These detract from the quality and value of the other homes around them." Carl Wilcox stated.

## Biloxi city attorney seeking DA's position

Cono A. Caranna, city attorney for Biloxi, announced he will seek the office of district attorney for Harrison, Hancock and Stone counties.

"We have the finest legal system in the world," Caranna said, "but people are losing their trust. As our next district attorney, I want to restore confidence in the system," Caranna said.

Caranna recently resigned as treasurer of the Harrison County Democratic Executive Committee.

Caranna said he believes the next district attorney for the three-county area should focus more attention on white-collar crime.

"You can steal more money with an ink pen than with a gun," he said. "Our next district attorney has to be willing to investigate, charge and vigorously prosecute crime wherever it exists—in the street or in some meeting behind a closed door," said Caranna.

"I want to make sure the system works the same for everybody. I think I can do that best as district attorney," said Caranna.

Caranna said that his experience as a city attorney has prepared him for the job of district attorney.

"Much like the district attorney, an important part of my job now is giving legal advice to law enforcement officials, making sure they build solid cases, and helping them coordinate investigations," Caranna said.

Caranna cited his role in the recent crackdown on Biloxi's "passion pits" as an example of

his willingness to tackle crime wherever he finds it.

"Our elected officials were alarmed at reports from police about what was going on in some of those places," Caranna said, "but we really didn't have the city ordinances to effectively deal with these problems."

"I wrote the new ordinances adopted by the city council, and then started working with the police on their investigations," Caranna said.

"When we had a case, we made sure it was solid. When I went to court, we were prepared. And the judge closed them down," he said.

Caranna, a 40-year-old coast native, has served as city attorney since 1973. He is a member of the National Institute of Municipal Law Officers, the American Bar Association, and the American Trial Lawyers Association.

He was elected by the attorneys of Harrison, Hancock and Stone Counties to serve as a commissioner on the Mississippi State Bar from 1976 to 1978. He is past president of the Harrison County Bar Association.

Caranna received a bachelor's degree in political science from the University of Southern Mississippi after his graduation from Biloxi High School. He earned his law degree from the University of Mississippi Law School in Oxford.

Caranna served as a captain in the U.S. Army Infantry during the Vietnam War. He was awarded three Bronze Stars,

CONO CARANNA

the Army Air Medal, and the Purple Heart for meritorious service and heroism as a company commander.

Caranna is the son of Katherine C. Caranna and the late Cono A. Caranna. He is married to the former Connie Seay of Vicksburg. The Carannas live in Biloxi with their two children, Cono III and Katie.

## OUR SINCERE THANKS

For the past 12 years it has been my great privilege to operate Turan-Lane Chevrolet at Bay St. Louis. During that time you have given us a wonderful measure of support and help.

As we move the site of our dealership to Gulfport, we leave with mixed emotions. For us there is a new challenge and an opportunity to expand our automotive sales and service activities to the people of the Mississippi Gulf Coast.

Yet I will sincerely miss the many good friends and associates with whom I have had daily contact for more than a decade.

However, we leave Bay St. Louis with the sure knowledge that Chevrolet sales and service here are in the capable hands of Frank Hille Chevrolet-Oldsmobile, Inc. Our many Chevrolet customers in the area will find Frank Hille to be a fair dealer and a square shooter, and I will personally appreciate your patronage and support of Frank's business.

To all of you, my very sincere thanks.

## Quotables by CUEVAS

We had two subscribers complain yesterday about the amount of debris along Dunbar Avenue in the first block from US-90.

This is a disgrace to our community, as residents should take more pride than to toss trash alongside our roadways.

We know the pride several residents of the area we are speaking about take in keeping their property cleaned and neat, yet the roadsides are a disgrace.

Come on folks, let's all pitch in and help keep our city clean.

Saturday was a very special day for the Naval Oceanographic Office at NSTL.

We can offer nothing but praises for Capt. Charles Bassett, commanding officer of the Naval Oceanographic Office at NSTL, as well as for the many Navy employees, scouts, church groups, Army, National Guard, Telephone Pioneers, and all volunteers who helped make the Special Olympics, so special for about 200 persons.

There were volunteers of all ages, and we know the Mississippi Special Olympics Committee, as well as the athletics appreciate a great day.

A person had to be there to see the expressions on the faces of the athletes, the joy of being a winner, and every participant was a winner.

We know many, many long hours of planning and fund raisings preceded the big day. We do know Stewart Nelson, Capt. Bassett's assistant, played a key role in getting it all together, and we want to thank him for all of his endeavors.

Many organizations and individuals made donations of refreshments, foods and supplies as well as manpower for the Special Olympic Field Day. We thank each of you.

The calls of balls and strikes can be heard throughout Hancock County with so many leagues now in action.

This means there are many young boys and girls going and coming from our ball parks.

Games are being played in Bay St. Louis, Waveland, and throughout the county, and this means children are at the parks. Reduced speed signs have been posted. Please observe them and look out for the children.

We want the participants, as well as the spectators to have a good safe time.

We have talked to the sheriff and two police chiefs, and they have instructed their officers to enforce all traffic regulations, especially near our ball parks.

We hope officers will not have to remind motorists by having to issue a citation.

While on the subject of baseball, the Bay St. Louis Little League will have its annual parade and opening ceremonies this Saturday.

The parade will form at 9 a.m. at Market Town Shopping Center and go down Dunbar to the new Bay St. Louis Little League Park at Tiger Stadium.

A lot of work has gone into the construction of the new Little League Park and it is in a lot safer location at Tiger stadium.

This does not mean that McDonald Field will not be used. There probably will be just as many games and practices as there were in previous years at the park at Dunbar and Carroll Avenues.

We hope there will be a large turnout Saturday for the opening ceremonies.

Jay Marsh told us on Wednesday that American Legion Baseball will begin play June 1.

The home games for the team sponsored by Waveland's American Legion Post will be played at the field at Tiger Stadium.

## Senator Thad Cochran

SPECIAL REPORT:

### HANDICAPPED

Senator Thad Cochran says handicapped Mississippians "are making a meaningful contribution every day to the progress and development of our state."

The Senator commented, "Handicapped persons are often the most dedicated workers, students and community volunteers, and we ought to all recognize that fact."

Senator Cochran was the keynote

speaker Saturday at a Handicapped Awareness Day program held on the Campus of Copiah-Lincoln Junior College.

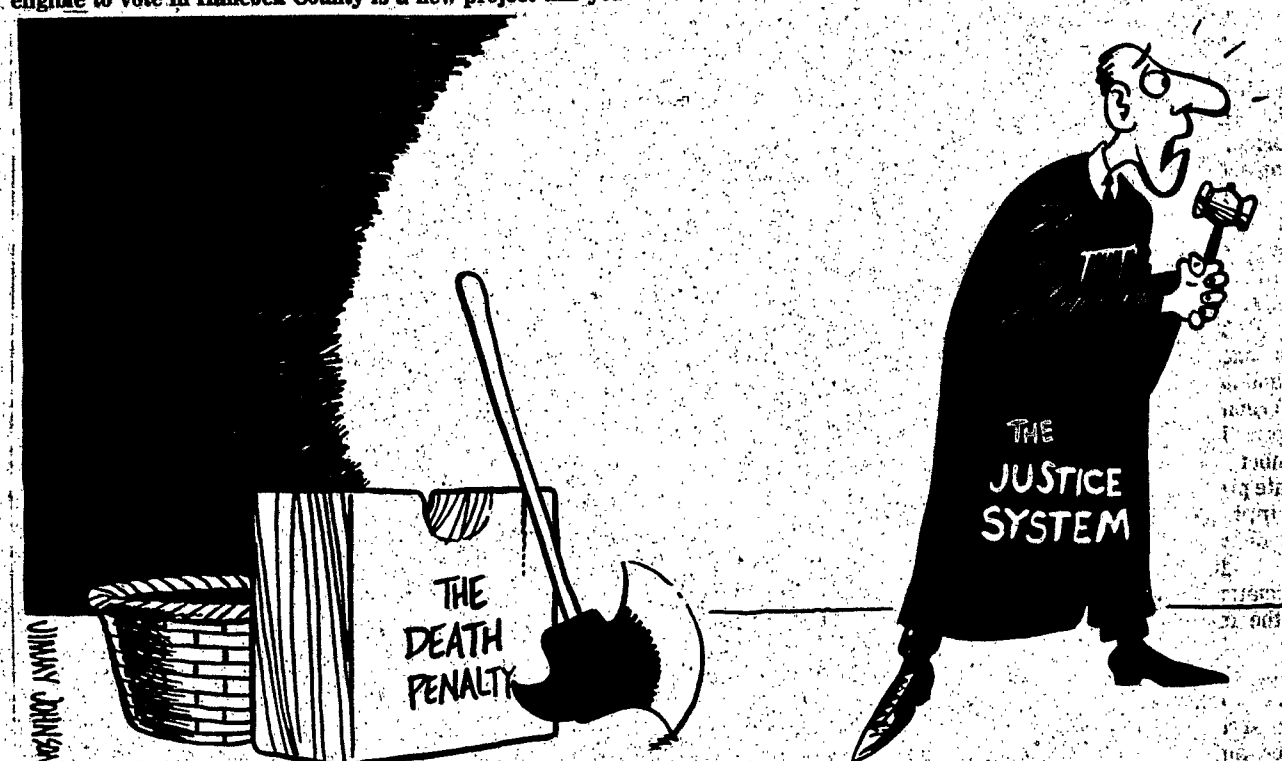

In his luncheon address, the Senator cited legislation in the 96th Congress dealing with the education, employment, housing and basic rights of handicapped persons.

"Those who are handicapped have much to offer our state and nation," the Senator stated.

## Small-business Angle

by Wilson S. Johnson

"A youth is a person who is going to carry on what we have started..." Those words are the beginning of a Youth Motivation pamphlet of the National Alliance of Business, the organization working to find summer jobs for young people. Their message is a clarion call to small-business owners to back the Summer Jobs Program to help poor and disadvantaged young people work at jobs they would not otherwise have this summer.

There are strong moral and economic reasons for small-business owners to hire young people for three months this summer. A job teaches a young person the work ethic. It can teach him or her the pride of working to earn money.

A summer job can bring a poor or disadvantaged youngster into the business world — with all of its challenges and rewards. A summer job can be the first exposure a teenager gets to economic competition, and help prepare the youngster for a future in business.

The economic advantages for small business have been greatly enlarged by legislation passed last year by the congress. The tax credit for hiring a young person for summer work has been increased from 50 to 85 percent. The National Alliance of Business estimates that the net cost of a summer employee with the new tax credit could be as low as 50 cents to one dollar an hour — depending on the tax bracket of the employer. (The employee gets the full \$3.35 minimum wage, of course.) That is a powerful economic incentive to hire a young person for summer work.

To participate in the program, small-business owners should get in touch with the local employment service. The employment service issues a single piece of paper to the young job seekers certifying that he or she qualifies as a participant in the jobs program. The business owner who hires the youngster for three months in the summer merely retains the certification in his files as proof of having hired a poor or disadvantaged young person.

Lyndon B. Johnson formed NAB in 1968 and every president since has endorsed the original concept that a partnership of government, business and labor is the best way to counter joblessness. Recently, President Ronald Reagan called the Alliance "a model of future action..."

The year's summer jobs program and the many other activities of the NAB are worthy of that high compliment.

(Wilson S. Johnson is president of the National Federation of Independent Business, representing more than half a million small-businesses men and women).

## NEWS FROM THE GOVERNOR'S OFFICE

Mississippi served the highest number of meals to older citizens per federal dollar spent in its eight-state region during fiscal 1982, according to the Mississippi Council on Aging (MCOA).

The state served 2,611,466 congregate and home-delivered meals with a .730 productivity level, which is determined by dividing the Title III federal funds allotment by the number of meals served.

Within Region IV, Mississippi was followed by Kentucky with .676, Alabama with .590, Tennessee with .563, North Carolina with .551, Florida with .520, South Carolina with .499 and Georgia with .475.

Mississippi ranked eighth nationally. Montana was first with .849.

In fiscal 1981, Mississippi was third in Region IV and ranked 16th nationally.

Jay C. Moon, executive director of MCOA, which administers the meals program in the state, attributes Mississippi's productivity level to a high level of program income collected from participants, using a single public agency contractor to provide virtually all meals in Mississippi, expanded use of volunteers and significant use of USDA commodities as opposed to cash reimbursements.

"Our ongoing goal," Moon said, "has been to provide maximum services to aged Mississippians as efficiently as possible. While we're happy to have the highest productivity level in our region, MCOA is particularly happy that our state's older citizens are being served well with congregate and home-delivered meals under generally poor economic conditions."

## TIMBERLINE

By David Watts  
Hancock County Forester

I want to devote the column this week to information on several important meetings being held in our state in the coming weeks and months that I think many of our readers should know about.

First there's the "Wood Energy Conference" scheduled for the Coliseum Ramada Inn in Jackson May 17-18. It's being sponsored by the Mississippi Department of Energy and Transportation with the endorsement of the Mississippi Manufacturers Association and Mississippi Engineering Society.

Representatives from the Mississippi Forestry Commission and U.S. Forest Service will be among many other qualified experts scheduled to make presentations at this important meeting on the advan-

tages of using wood fuel for industries and institutions in our State.

To be a little more specific, the overall objective of the Conference will be to provide information on the technical and economic aspects of wood-fired systems and to examine the wood supply potential, availability and reliability of wood for energy.

You can get full details on registration, etc. by calling Mr. Milton Everett, (toll free) 1-800-222-8311.

Then there's another meeting set for July 20-21 in Jackson billed as a "Seminar on the Utilization of Low Grade Hardwoods."

A speech by Governor William Winter will highlight the second day of this special two-day session aimed at

dissemination of the very latest state-of-the-art information dealing with best treatment and use of the huge quantity of cull and/or undesirable hardwood trees that currently occupy several million acres in Mississippi.

Those of you who have a heavy component of generally unmerchantable, off-site

hardwoods on your land should be particularly interested in this seminar.

For more information, contact Glen Jones, Mississippi Forestry Association, 620 North State Street, Jackson, MS 39201, phone 354-4986, or write to State Forester Sid Moss, 908 R. E. Lee Bldg., Jackson, MS 39201 (phone 359-1386).

## Mississippians capable of intellectual achievement

Governor William Winter called the student award recipients at the University of Southern Mississippi's recent Awards Day "a young cadre of leadership that this state needs."

Speaking to an audience of parents and 500 students being honored for academic achievements, service, fraternal contributions and leadership, the governor said society was moving into the age of the

intellectual.

"I grew up in a simple society not too long ago and it was not required of us to have a high level of academic achievement, we could compete without it. We can not do that any longer."

One of the shortcomings of the state has been that "we put a ceiling on what we could accomplish," he said. "We can be competitive and we will be competitive... on the basis

of intellectual achievement."

He also urged the students, many of them seniors, to "use your great talents in a way that will benefit as many people as you possibly can."

Graduation at USM begins at 10:30 a.m. Friday with an address by U.S. Secretary of Transportation Elizabeth Dole in the Reed Green Coliseum. Each school and college will then conduct special recognition ceremonies at 2 p.m.

## Transcripts necessary for registration

Students currently enrolled and those who expect to enroll at the University of Southern Mississippi-Gulf Coast in the future must have transcript on file at USM-Gulf Park in order to register, according to Louis Elias, director of student services at USM-Gulf Coast.

"We have tried to accommodate students in unusual situations by allowing transcripts to come after registration, but his causes problems in completing the student's records and advising," Elias said. "An all-out effort is underway to receive transcripts on all currently enrolled students."

According to Elias USM must have verification of a student's past academic work prior to registration for proper evaluation. Without a record of prior work a student could take unnecessary classes.

"We will continue, on a limited basis and in extreme emergencies, to allow a student to enroll without a

transcript, but we must have verification the transcript has been requested," Elias said.

In order for a transcript to be official it must come from the proper authorities of institutions previously attended, and be received by the director of admissions at USM-Gulf Coast in order to be official. The transcript is not official if the student brings it in.

Transcript request forms are available at all USM offices on the Coast at no charge.

Transcript requirements for the regular degree seeking

undergraduate is one transcript for every college attended prior to enrolling at USM-Gulf Coast.

The degree seeking graduate student must have two transcripts showing the undergraduate degree and a transcript from every school attended since the degree was granted.

Elias reminded that some special degree categories require special transcript requirements and students should inquire as to the needs, before making the transcript requests.

## SCREENING ROOM ONLY

By David H. Jones

HBO During May Flipping through the May HBO guide, a few observations:

(1) 'Missing' (\*\*\*\*) A tense, intriguing film set in Chile during the 1973 coup.

Directed by Costa-Gavras, this adept film races through turbulent streets and bureaucratic entanglements studying people trapped in military chaos. There is sporadic gunfire throughout this movie, but by the end it's almost a part of the natural background; a chilling scenario, indeed.

Considering President Reagan's recent Central American speech, this movie is very timely and it contains a visual gritty reality that transports the viewer to the revolution.

Nominated for Best Picture along with Jack Lemmon and Sissy Spacek, for Best Actor and Actress, respectively.

(2) 'Atlantic City' (\*\*\*\*) Louis Malle's fabulous little film! Burt Lancaster plays a faded gangster in a decaying Atlantic City who is in love with his next door neighbor (Susan Sarandon).

A bizarre series of events leads to a semblance of wealth for the aging Lancaster who then tries to impress Sarandon. With a strong supporting cast of unsavory characters, 'Atlantic City' is an oddity touching, compassionate film.

(3) 'Richard Pryor: Live in Sunset Strip' (\*\*\*\*) This movie is vintage Richard Pryor. Fully recovered from his near fatal blurrn accident, Pryor talks candidly (does he ever do anything else?) about the circumstances leading up to the tragedy.

He is fiercely funny in routines ranging from an African safari to prison to marriage. Pryor is back on top and this film simply confirms it.

(4) 'Personal Best' (\*\*\*\*) Robert Towne, who wrote the Oscar-winning screenplay for 'Chinatown,' wrote, directed and produced this quiet, sensitive film about women athletes.

Marlee Matlin Hemingway ('Manhattan') and Patrice Donnelly give strong performances as the young women in love, with their sport and each other.

With strong support from Scott Glenn, who plays their tough, non-nonsense coach,

'Personal Best' is a frank, honest picture that deals with real emotion.

(5) A Paul Newman double feature—May 11, 'Absence of Malice' (\*\*\*\*) and 'Fort Apache, The Bronx' (\*\*\*\*) These films simply cement Newman's calm to being one of the top male stars in America. Although neither is a great film, Newman is solid in both. A slightly higher rating goes to 'Absence of Malice' because its more interesting storyline.

(6) 'The Postman Always Rings Twice' (\*\*\*\*) The Bob Rafelson remake of the classic tale of lust, treachery and murder. Starring in this muddled affair is Jack Nicholson, as the disoriented drifter, and Oscar-winning actress Jessica Lange, the object of Nicholson's desire. 'Postman' never quite catches our full attention and yet it is an interesting, if unsatisfying, film.

(7) 'Victor, Victoria' (\*\*\*\*) In Blake Edwards' latest film, Julie Andrews (Mrs. Blake Edwards) stars as an entertainer who needs work so badly that she masquerades as a man playing a woman (shades of 'Tootsie'). This movie is better than Edwards' previously chaotic 'S.O.B.', in which he poked serious fun at the movie community.

Andrews, Robert Preston and Lesley-Ann Down were among this films seven Academy Award nominations.

(8) 'Dead Men Don't Wear Plaid' (\*\*\*\*) An unusual movie from Director Carl Reiner. Steve Martin plays a detective in the Marlowe-mold who acts against clips from several classic gangster films.

The result is an uneven, basically trite tale that should still produce a few laughs. Rachel Ward ('The Horn Birds') co-stars.

(9) Of the Not-Ready-For-Prime-Time Movies this month: 'Continental Divide' (\*\*\*\*) is by far the best. Starring the late John Belushi and Blair Brown, this is a good, light, romantic comedy. 'Stripes' (\*\*\*\*) with the incorrigible Bill Murray will produce a few smiles, especially the graduation ceremonies when an impromptu Murray shows off his troops. 'Meatballs' and 'Modern Problems' come in last and aren't really worth turning on the television.

## Teachers

tive rebuttal to the MAE analysis and proposals. Those funding sources include a tax millage increase or use of the district's excess funds.

Burt Barrett, MAE Gulf Coast Uniserv Region director, explained action by the 1983 legislature allows municipalities to levy three additional mills without a public vote.

The list shows the Bay district could receive \$111,594 annually from the millage which would fund up to a \$1,004 local pay raise for each teacher or allow the district twice the amount of funds needed to pay teacher health insurance premiums.

In addition, the list shows based on the state superintendent of education's annual report that in fiscal year 1980-81 the Bay district had investments and a year-end positive cash balance amounting to \$326,132 and in 1982-83 had \$208,113.

Turcotte said the teachers earn \$11 to \$13-per-hour based on the number of classroom work hours.

But Reeves noted the board president's calculations do not include hours spent daily at home grading student test sheets.

Turcotte replied that she was an exception.

But Nell Woodall, a North Bay teacher attending the meeting, cited, "A good teacher cannot grade papers and teach at the same time. I've probably graded 10,000 pages this year and that's a conservative estimate."

"I also have student records to keep... all this is done after the last child leaves for the day," she stated.

Woodall reported she worked for one week before classes began this school year to paint her classroom and must

clean her room twice annually.

"Each administrator got a responsibility factor (in pay raise calculations). Each of us has the most responsibility and stress," she said.

"When I have parties for my students, I do this at my own expense," she added.

"We're under more stress than any other profession, bar none," Woodall said regarding declining trend of parental discipline which results in unruly children.

"We don't get a coffee break... we don't even have a coffee pot," she reported.

"We need encouragement and not a put down. You all don't understand because you're not in the classroom," Woodall stated.

Regarding a Reagan administration proposal for teachers to teach one additional month, she said, "If we had to teach more than nine months it wouldn't do any good for us to collect retirement. We couldn't collect it because we wouldn't know who we were to ask for it."

Allen Wilson, a Bay Junior High School teacher, also noted Turcotte's hourly wage estimation does not include additional time teachers spend formulating the districts Accountability and Instructional Management Program, student lesson plans and continued graduate-level college course study necessary for teachers to maintain and upgrade their certification.

School accreditation by the State Department of Education and the Southern Association of Colleges and Schools is partially based on the percentage of teachers with graduate degrees.

The board met in executive session,

in which the public and press is excluded, for about 45-minutes.

Turcotte said the purpose of the closed meeting was to discuss personalities.

Outside of the closed meeting many teachers said because of their actions they expected reprisals against them or their school principals.

After the executive session, Bay teacher Judy Barrett asked if the board members agreed with Turcotte's remarks—none of the trustees responded.

But after the meeting, Trustees Betty Diboll and Cyril Glover refused to comment regarding the remarks and Trustee Reginald Robinson said he agreed with Turcotte.

Trustee James Ginn did not attend the meeting.

# Mary Carter Paints ranks third in state soccer finals

Mary Carter Paints "Shellackers" came in third this past weekend at the State Playdowns in Vicksburg in the Under 12 Division.

The Shellackers' only loss came at the feet of the Southwest Jackson representative which eventually won the tournament.

In the opening game on Saturday the Shellackers played a tough Vicksburg eleven and eked out a 2-1 decision. Then they face the SW Jackson team. The Shellackers fell behind early on two first half overhead volleys by one of the Jackson forwards from throwing.

But the Shellackers turned on the heat in the second half behind Scott Heitzmann's two goals, one of which was a solo effort through three defenders, to tie the score. It took a perfect header on a corner kick by Jackson to regain the lead.

The final was 4-2, but it took flawless soccer and beautiful crossing passes by Jackson to offset Mary Carter Paints' decided advantage in play in the second half.

The final game against

DeSoto on Sunday was a relatively easy 3-1 victory. The offensive player of the tournament for Mary Carter Paints was Scott Heitzmann with four goals, while David Seuzeneau was the outstanding defensive player.

Terry LeBourgeois contributed three goals and the fullbacks, Blaine Feurstein, Shannon Garrett, Kevin Edwards and Robert Duvernay together with goalkeeper Bert Dean provided a stout defense.

Richard Gleber and Tom Jennings played their wing positions well, and Brant Mailho, out with a broken leg most of the season, saw action as well. Richie Redditt, Damon Everett and Robbie Reed also contributed to a total team effort of which Coach Waddy LeBourgeois and Asst. Coach Don Everett were understandably proud.

There was excellent parental support for Mary Carter Paints, exhibited by the fact that the parents got their picture in the Vicksburg Daily Herald as providing the most vocal support for any team in

the tournament. BASC is proud of the way these boys and their parents represented the Bay area.

The other Bay area representative, Homes of the South, did not fare as well. In their opener on Saturday against Tupelo, Homes fell victim to two red cards which forced them to play two players short. Despite this disadvantage Homes managed a 1-1 tie.

Coach Tom Demboski filed an unsuccessful protest for the game. In the second game a demoralized team, forced to leave two players on the bench and play with only one slightly injured substitute, faced a Vicksburg team and played them evenly in the first half. However, Vicksburg pulled away in the second half for a 5-1 decision.

On Sunday the story was much the same as Homes played valiantly for 70 minutes, holding eventual bracket-winner Brandon even at 1-1, only to lose 5-1 in the last ten minutes.

Todd Thrifflay with two goals and Tom Walton provided the scoring punch for the

tournament, while Scott Demboski, Russel Ladner, Peter Watt and Jeff Reisch played a steady defense in support of goalkeeper Mark Wheeler, despite having to defend against some very fast forwards.

BASC would like to thank all those parents and friends who assisted these two teams at the State tournament, especially the City Council of Bay St. Louis, Lil Ray's, Hancock Bank, Roy Mason Exxon, Sears, Roebuck & Co., Walter Gex, McDonald Building Supplies, Charles Johnson Construction Co., Mayor Larry Bennett, Homes of the South, Alcan Aluminum Co., Gulf National Bank, Bay St. Louis Rotary, Mr. and Mrs. Sam Benigno and Concrete Services, Inc.

Although the playing season is now over, BASC is still active, preparing for a general membership meeting in June in which bylaw revisions will be considered, new directors elected and the next year planned for. The agenda for this meeting will appear in another issue of this paper.

## PRC golfers place second

Pearl River College's golf team placed second in the Mississippi Junior College State Golf Tournament in Meridian recently.

Hinds took first place with a 641 team score while Pearl River was at 661 and Meridian at 664. Gulf Coast finished at 670 and East Central and Southwest posted 735 and 739 scores.

William McCurley turned in the Wildcats best score with a 161 and teammate Bryan Amacker was at 164. The medalist winner of the tournament was Hinds Terry Price. He shot a 152.

PRC's Roy Travis was named to the All-State team. According to coach Herbert Morris, Travis is only the second PRC golfer to win state honors. Two years ago, Mike Lott was the first winner of the All-State Award.

## Second baseman Geroux scores 'triple play'

Kelly Geroux, Pearl River College's outstanding second baseman from Bay St. Louis, pulled off his own triple play this past week by being named to the National Junior College Region 23 team, the Mississippi Junior College All-State team and the Mississippi Junior College All-Star team.

Teammate Mike Herndon, a pitcher-first baseman from Hattiesburg, was chosen All-State and will play in the first Mississippi Junior College All-Star Baseball Game on June 5.

Tim Wheat, a left-fielder from Laurel, was also selected to play in the All-Star game. Geroux was injured in the Gulf Coast game on April 2, after only 28 games, but he still managed to lead the team with 13 home runs and was second in the runs-batted-in category with 43. Geroux batted .430 and made only one error in 111 fielding attempts.

Herndon put together a 73-record on the mound while posting a 3.20 earned run average. He struck out 57 in 72

innings pitched. Herndon played in 36 ballgames and batted .434. He had five homeruns and seven doubles. Wheat batted .382, hit four homeruns, 11 doubles and knocked in 32 runs. His fielding average was .967. The Wildcats, under coach Ned Eades put together a 32-12 overall record and tied Gulf Coast, for the second consecutive year, for the South Division Title. Gulf Coast advanced to the state playoffs by virtue of a one-game playoff win.

## Eades calls Geroux 'the meanest player ever'

Pearl River College's baseball Wildcats won 60 of its 83 games during the past two years under head coach Ned Eades, and came within inches, not once, but twice of getting to the South Division playoffs.

In each of the past two seasons, Gulf Coast and Pearl River tied for the South Division sub-district title, and twice Gulf Coast (Perk) has prevented the Wildcats from advancing to the South Division and state playoffs by defeating PRC in a one-game nine inning playoff.

Eades, the former product of the Cincinnati Reds baseball organization and the former coach at Poplarville High School, has brought an exciting brand of baseball to Poplarville and will be back next year. But, for 15 sophomores who helped The River club out a .351 team batting average and a number eight national ranking, there will be no next year.

"It's unfortunate we lost, but we've made a lot of progress during the past two years and I intend to keep working at it," Eades said. "We've shown we can play with Gulf Coast (the perennial power) and I intend to keep our program rolling."

For that to happen, Coach Eades will have to start his rebuilding process all over again. Most of the faces that have helped put Pearl River on the national junior college map during the past two years will be gone next year. During the off season, Eades will have to replace his hitting fraternity, tagged so appropriately by Picayune Item sports editor,

Jeff Kuehn, as the Phi Slamma Hamma.

Some of the players Eades will have to replace include: Rupert Wood, the team's leading hitter in 1983 with a sizzling .490 average; Mike Herndon, the winningest pitcher on PRC's team with a 7-3 record and a player who has accumulated a .403 lifetime average at Pearl River; Charles Clifton, a .407 hitter and the team leader in runs scored, doubles, triples and stolen bases this past year; Tony Lasseter, who hit for an impressive .339 average and led the team in runs batted in; and Kelly Geroux, perhaps the meanest and most prolific baseball player to ever set foot on PRC's campus.

Before going out with a knee injury 28 games into the 1983 season, Geroux was hitting at an awesome .430 pace, including a team-high 13 homeruns. Despite missing the last 14 games of the year, Geroux still finished with 43 runs batted in.

"I don't like to make excuses," said Eades, "but losing Geroux may have been the turning point for Gulf Coast. Our kids may not think so, but losing Kelly Geroux's leadership was a big factor down the stretch. Having transferred here from Gulf Coast, Geroux had the extra incentive needed to beat his former team. His leadership and that bat of his was sorely missed."

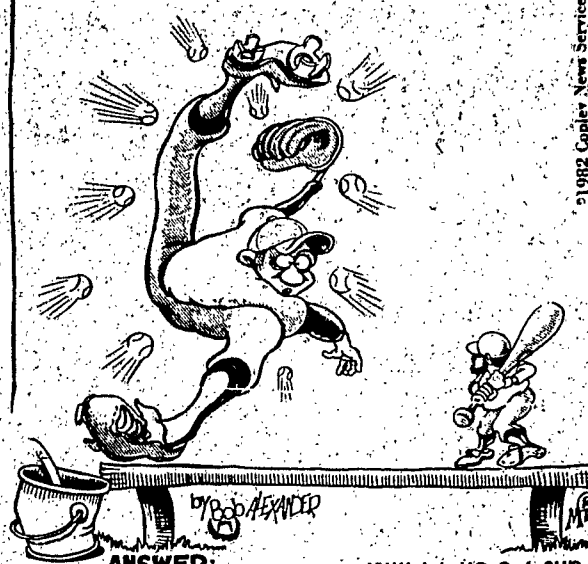

In addition, Eades will also have to enter the 1984 season without the services of pitchers Wayne Best, Bob Brockhouse, David Greer, Jim Kearschner and Phillip Parsons. Add to that, infielders Greg Rogers and Gfeg

McMahon along with outfielders Jim Walt and Tim Wheat, and the end result is a massive rebuilding job facing Coach Eades during the off-season.

"There's a lot of work to be done," Eades said. "I've already been out recruiting for next year."

ANSWER: The record is 14 hits, shared by Larry Cheney, Ch. Club who shut out the N.Y. Yankees in 1913 on 14 hits, later tied by Milt Gaston of Wash. Senators as he shut out Cleveland Indians 9-0 on 14 hits.

## Women Golfers host Invitational

Diamondhead, Pine Course was a reminder of Hawaii May 5.

Pineapples marked the tee boxes and the flags on the greens were Hawaiian scenes. The players wore colorful leis on their golf shirts and drank fruit punch served along the way as they played. Husbands of the local hostesses met the guests at their cars and vans to carry their clubs to the carts.

At registration the guests were given "ditty" bags of souvenirs.

The luncheon tables were bedecked with fruit and flowers by the hospitality committee, chaired by Margaret Fortier.

A lunch of Hawaiian type food was followed by awarding of prizes of crystal and silver to the many winners.

Twenty-three clubs were represented from Mississippi and Louisiana from as far as Jackson and Baton Rouge.

A former member, Peg Murray came from her home in Arkansas to play. Dusty McBee, president;

Ney Fellman, tournament chairman; and Eva Bond awarded prizes to Terry Scott, low net over the field; and:

## PRC's Arban in USM Sports Hall of Fame

J.C. Arban, head football coach at Pearl River College, was inducted into the University of Southern Mississippi Sports Hall of Fame in recent ceremonies at the USM Commons.

Four other former USM greats, Don Fuell, Doug Satcher, Richard Dickinson and Ken Avery were also inducted. Arban graduated from Athens High School in Alabama, where he was captain of the football and baseball teams. He made all-conference in both sports and also played in the Alabama High School All-Star Game.

He also participated in track and was president of the National Honor Society at his high school.

After high school, Arban signed a football scholarship with the University of Auburn, but he later decided to attend USM. He lettered all four years while playing running back, cornerback and he returned punts and kickoffs. During the 50's he played on some of the best teams ever fielded by USM.

While at USM, Arban mar-

ried Martha Fay Farragut, a member of the Dixie Darlings, from Moss Point. They have a son, Scott, 23; and a daughter, 24; and a four-year-old granddaughter.

Arban has been head coach of the Pearl River College Wildcats since 1975 and has a 52-26-2 record.

His team won the state championship in 1976 and was runner-up in 1981. In 24 years of coaching Arban has put together a 171-66-6 ledger and has been associated with only one losing season. That was a 4-1 mark back in 1978.

Arban began his coaching career with eight years in the high school ranks, beginning with Rocky Creek, East Tallahatchie and George County.

He spent six years as an assistant with John Russell here at Pearl River before joining P.W. Underwood at the University of Southern Mississippi. While at USM the Eagles were 12-9-1 overall.

Arban coached in four Mississippi Junior College All-Star games.

ARCEMENT SIGNS—Betsy Arcement, a star for the Hancock North Central Lady Hawks for the past two years, has signed a basketball scholarship with Pearl River College. She is pictured here with parents, Mr. and Mrs. Clarence J. Arcement.

### Students learn to interact with children

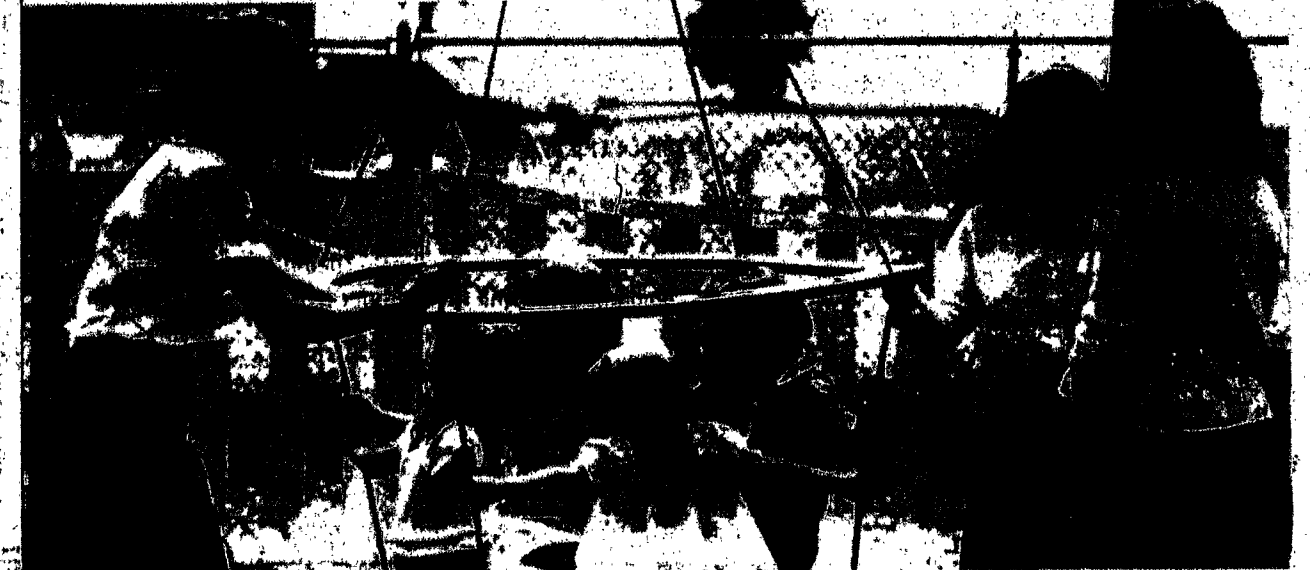

**IN A WORLD ALL HIS OWN**—Reaping the benefits of a Day With Children project sponsored by the home economics class at Our Lady's Academy, this little guy looks pretty interested in the whole round thing.

**WHY CAN'T I GO DOWN THIS SIDE?**—Shelley Holden, a student at Our Lady's Academy, helps this youngster in deciding which way to go.

**WHO'S KING OF THE MOUNTAIN?**—Or the sliding board as it is the case. These youngsters are part of a Home Economics class at Our Lady's Academy. The class project is to teach the students how to interact with children.

**HAVING A SWINGING TIME**—James Dean, Janet Dean and Shelley Holden discuss Day With Children project and how to show the children a good time.

Robin Williams, Home Economics teacher at Our Lady's Academy in Bay St. Louis, has introduced a project called 'Day With Children.'

The project teaches her students who are studying Child Development how to interact with children of different ages.

Children participating are from the community. Williams sent letters out to dif-

ferent families in the community telling of the project. Some of her students gave her the names of families who have small children. Many of the participants are nieces and nephews of the students.

The children arrived at 8 a.m. and were given a breakfast snack of toast and orange juice. Then they participated in chalkboard stories and a story about costumes.

Each of the separate home

economics classes have a different project.

During the first class period the children are separated into groups of approximately four. They then engage in various activities centering around personal grooming. One example is using finger paints then explaining how to wash hands and face.

The second class period consists of aerobic exercises. They do the exercises to a

'smurf' record. The exercises are very simple.

Playing outside and going for a walk is done during third class period.

The fourth period class provides the children with a picnic lunch.

Fifth period class consists of song time.

During sixth period the children take a nap and in seventh period they see a puppet show and enjoy a fruit snack.

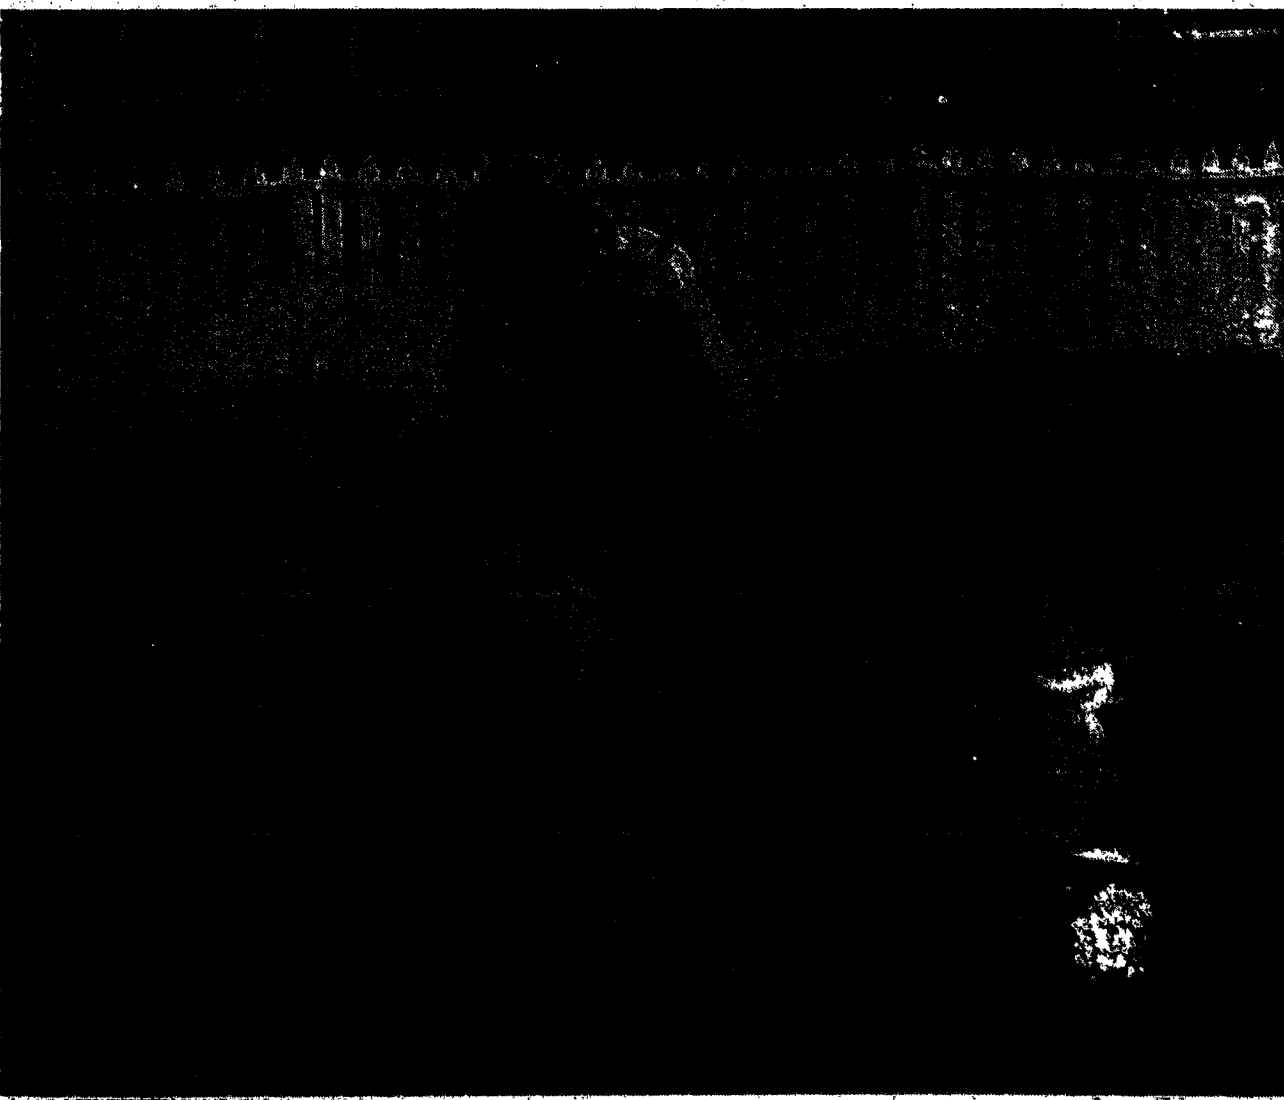

**THREE FOR THE ROAD**—Working together seems to be the way to do it for these three community children who participated in the Day With Children project held at Our Lady's Academy.

**GEE! THIS LOOKS HIGH**—Getting ready to slide down this youngster seems a little afraid of heights.

Staff photos  
by  
June M. Heydt

**ROCK-A-BY BABIES**—Juleigh Church shows the children how the see-saw rock back and forth. The kindergarten class was off on a field trip so Robin Williams, Home Economics teacher at Our Lady's Academy, is using their playground to hold Day With Children classes.

To recognize the event, Rear Admiral J. B. Mooney Jr., at Washington, D.C., oceanographer of the Navy, presented Congressman Trent

Lott with a Special Olympics t-shirt. The 1,200 civilian and military employees of the office raised some \$7,215 for the event, which also featured a variety of sports events, music by the U.S. Navy Band, airplane fly-overs, clowns and magic shows. Hancock, Harrison, Pearl River and Stone County residents participated.

## Ward takes National Latin Test Gold Medal

TIFFANY WARD  
Gold Medal Winner

Fewer than two percent of more than 40,000 students who take the National Latin Test each year capture a gold medal, but Bay Senior High's sophomore Tiffany Ward has won one.

Sophomore Adam Sleep has also won national distinction by winning a silver medal.

In addition to the two medal winners, Magna Cum Laude certificates were awarded to sophomore Judy Stewart and Heather Gordon.

Cum Laude certificates were won by senior Keith Britt, junior Rickey Johnston, and sophomores Thalanie

Walker, Mark Smith, and Michele Cascone, all of whom achieved scores above the national average.

The National Latin Test, administered to high school Latin students each year in March, comprises forty questions on grammar, mythology,

Roman history and customs, and English words derived from Latin.

The tests are graded by computer at Mount Vernon, Va., and the results have just been announced.

Mrs. Emily de Montluzin is Latin teacher at Bay High.

## Goodwin wins ROTC honor

Edwin W. Goodwin of Bay St. Louis is this year's 1983 George C. Marshall Award winner from the University of Southern Mississippi.

Goodwin, 22 son of Mr. and Mrs. Dallas Goodwin, Route 2, Bay St. Louis, is one of 300 Army ROTC cadets nationwide to win the prestigious award.

Presented annually to the outstanding cadet of Army ROTC detachments at colleges and universities throughout the United States,

this award is the highest honor any Army ROTC cadet can receive.

"I'm honored to be a recipient of this award since it's the crowning achievement to my efforts; it certainly makes the hard work that one puts into the program worthwhile," said Goodwin, upon receiving congratulations from Army Chief of Staff designate Gen. John A. Wickham Jr.

In addition to attending the award conference in Lexington, Va., April 12-15, each

cadet was presented with an award certificate and an authorized three-volume biography of Gen. Marshall.

Marshall is best remembered for his leadership as Army Chief of Staff in World War II and for his sponsorship of the European Recovery Act (Marshall Plan) while Secretary of State from 1947 to 1949.

By assembling these students from all over the nation, the Marshall Foundation gives nation wide recognition to their accomplishments.

The conference included seminars on national security issues and featured distinguished leaders of the Army, both past and present. Participants also learned the role Marshall played in the history of the nation.

A 1979 graduate of Bay Senior High School, Goodwin has also received a Distinguished Military Student Award, the National Sojourner's Award and an Association of the U.S. Army ROTC medal.

## State Troopers offer bicycle safety tips

Laws affecting bicyclists were changed in the 1983 session of the Mississippi Legislature.

Lawmakers amended existing laws and gave bicyclists the same rights of travel and responsibilities on all public streets and highways as motor vehicle traffic.

"Although riders on bicycles remain excluded from being allowed to travel on the interstate highway system, they will be allowed to travel on all public streets and highways when the new law goes into effect July 1," Sidney Berry, commissioner of public safety, said.

The new law states that bicycle riders must not ride

more than two abreast except on paths or parts of roadways set aside for their exclusive use. Also, bicyclists riding two abreast must use only one lane.

"The new law also prohibits opening the doors of an automobile on the side of roads and highways being used by traffic when it might be unsafe or when it interferes with the movement of other traffic," Berry said.

The Mississippi Highway Safety Patrol offers these tips for bicycle riders:

- Make sure your bicycle is mechanically sound.
- Obey all traffic laws.
- Ride with, not against, the traffic.
- Choose a bike that is the

right type and size for you.

- When riding a bike: keep your eyes on the road ahead; lean forward slightly; pedal with the ball of your foot; steer with both hands; wear bright clothing, lace up shoes and long pants; and avoid long coats, full skirts, long scarfs or other loose clothing.
- Avoid heavy traffic.
- Signal before you stop or turn. Signal well in advance so you can use both hands when you make your turn.
- Beware of parked cars.
- Watch for pedestrians.
- Thousands of bikes are stolen each year. Register your bike's serial number with your local police department.
